The Documentation can be retrieved via Schneider Electric’s website <http://schneider-electric.com> or by contacting Schneider Electric’s local support centre. You agree that such Documentation and other content may be supplied only in the English language, unless otherwise required by local law without the possibility of contractual waiver or limitation. The Software Product also includes any software updates, add-on components, web services and/or supplements that Schneider Electric may provide to You or make available to You after the date You obtain Your initial copy of the Software Product and after Your acceptance of this EULA, to the extent that such items are not accompanied by a separate license agreement or terms of use, in which case such separate license agreement shall prevail.

As used in this EULA, “**Schneider Electric**” shall mean that company of the Schneider Electric Group which has accepted and confirmed in the written or text form Your license purchase for the Software Product and then issued, in hard or electronic copy, a confirmation of Your purchase order (hereinafter “**Order Confirmation**”), which, among other things, may identify (i) the particular Software Product(s) ordered by or for You, (ii) the location of the designated devices or named users, (iii) the duration or

The terms and conditions of this EULA will also apply to You and shall remain fully enforceable between Schneider Electric and You even if the Software Product will be delivered to You as a mobile application through any mobile applications platform or store proprietary to Schneider Electric or to any third party officially appointed or recognised by Schneider Electric to commercialize the Software Product as a mobile application. Additionally, the terms and conditions of this EULA will apply to You even if You obtained the Software Product from an authorized Schneider Electric distributor or reseller. This EULA only gives you limited rights to use the Software Product and Schneider Electric and its licensors reserve all other rights. You do not acquire any rights, express or implied, other than those expressly granted in this EULA. You agree that You will use the Software Product only as expressly permitted in this EULA and You will comply with any technical limitations in the Software Product that only allow You to use the Software Product in certain ways.

## **1. GRANT OF LICENSE**

- 1.1 In consideration of full payment of the Software Product license fee when due and subject to Your compliance with all of the terms and conditions contained in this EULA, Schneider Electric grants to You a non-exclusive non-transferable, limited, world-wide unless geographically restricted, license right to use the Software Product described in the Order Confirmation, in the Documentation or in the About Box, related to said Software Product for the term identified therein and in accordance with the license model identified therein. The Software Product may only be used for purposes of Your ordinary business by the particular named user(s), in the particular location(s), on the particular device(s) and/or on the particular system(s) for which You have been licensed such Software Product, as those named user(s), location(s), device(s) and/or system(s) are identified in the Order Confirmation, in the Documentation or in the About Box. If the Order Confirmation, the Documentation, or - the About Box fail to state a duration/term of the license granted hereunder then such duration/term shall be deemed to be one (1) year from the date the Software Product is delivered to You (unless a trial license, in which case the duration/term shall be deemed to be thirty (30) days). The Software Product will be provided to You in object code (machine-readable) form only and under no circumstances is Schneider Electric obligated to disclose the source code of the Software Product to You, unless such obligation is required in accordance with Section 11. The Software Product (including the related Documentation) is licensed to You and not sold to You.
- 1.2 This EULA describes and governs Your right to install and use the Software Product. It is expressly agreed that the terms and conditions of this EULA and any Order Confirmation issued by Schneider Electric will prevail over and supersede the terms and conditions contained in any purchase order or purchasing document issued or submitted by You; and the terms and conditions of any purchase order or purchasing document issued by You are expressly rejected by Schneider Electric to the extent inconsistent with the terms and conditions of this EULA.
- 1.3 Upon expiry of the trial period or, in case of a non-perpetual license upon expiry of the limited period of time for which the license was granted to You, Your license to the Software Product will automatically and immediately terminate, unless a further license is obtained from Schneider Electric. Consequently, the Software Product might automatically be de-installed and/or rendered unusable (with or without prior warning).
- 1.4 You acknowledge that if You need to activate the Software Product through the use of internet or telephone, toll charges may apply.
- 1.5 If technological measures are designed/incorporated to prevent unlicensed or illegal use of the Software Product, You agree that Schneider Electric may use those measures and You agree to comply with any requirements regarding such technological measures. Such measures do not constitute a defect in the Software Product nor do they entitle You to any warranty rights.
- 1.6 Unless You have acquired a Corporate License as expressly defined in this EULA, floating, concurrent or shared use of the Software Product is not permitted and the use of the Software Product shall be licensed under this EULA as a Single User License or a Multiple User License.

- 1.7 The Single User License applies when a label affixed on the Software Product's media itself, in its About Box, the Order Confirmation or Documentation or elsewhere state: "**Single User License**". A Single User License can only be installed and used on a single personal computer, tablet, smartphone or similar device (hereinafter "**Device**"), at any given time and is prohibited from being installed and used on a network or any other multi-station computer system that allows simultaneous use by several users.
- 1.8 Notwithstanding the above Section, You may download and use the Software Product on more than one single Device if: (i) the Software Product is a mobile application (app) and (ii) if said Devices are all used by You under the same user account under which the application was initially downloaded.
- 1.9 The Multiple User License applies when a label affixed on the Software Product's media itself, in its About Box, the Order Confirmation or Documentation or elsewhere state: "**Multiple User License**". A Multiple User License allows concurrent and unrestricted number of installations of the corresponding Software Product on several personal computers or similar Devices, on a network or any other multi-station computer system, unless a Multiple User License restricts the number of users to the number defined for the corresponding purchased and registered Software Product. Where You would use a Multiple User License via a network or any other multi-station computer system, it shall be Your responsibility to put in place such means as necessary to guarantee that all restrictions set forth in this EULA are followed.

- (iv) You indemnify, hold harmless, and defend Schneider Electric from and against any claims whether based in contract, warranty, tort (including negligence), strict liability, statute or otherwise, including, without limitation, damages for loss of business, loss of profits, business interruption, lawsuits, including attorneys' fees, loss of data, or for any other pecuniary or non-pecuniary loss or damage that arise or result from the use or distribution of Your Authorized Applications, provided however that Your contractual obligation of indemnification shall not extend to the percentage of the claimant's damages or injuries or the settlement amount attributable to Schneider Electric's fault or to strict liability imposed upon Schneider Electric under applicable law (on either federal or state level, when applicable); the foregoing obligation of indemnification shall survive the expiry or termination of this EULA; and

- (v) You do not permit further redistribution of the Software Product (including Your modifications thereto) by third parties, except when and as part of Your Authorized Applications; and

- (iv) You provide Your customer with Your own license agreement to grant the right to use Your own products or the third party products within which You embed or otherwise integrate the Software Product, said license agreement being substantially similar to, but no less restrictive in any way, than this EULA.

  - (ii) comply with any other direction of Schneider Electric related to the replacement.
- 6.5 If the License Key is faulty, and provided that such fault is attributable to an act or omission by Schneider Electric, Schneider Electric will replace the License Key if the faulty License Key is returned within the warranty period specified by Schneider Electric. Subject to Section 9 "Warranties" below, if the faulty License Key is not returned within said warranty period, Schneider Electric will replace the License Key upon payment by You of an administration fee to be advised by Schneider Electric at the time.

## **9. WARRANTIES**

- 9.1 Schneider Electric warrants that it is entitled to license and otherwise make available the Software Product and Documentation to You in accordance with the terms and conditions set out in the EULA. Notwithstanding the foregoing, no warranties shall apply to the license types referred to in Section 3.1.
- 9.2 The warranty period shall be of ninety (90) days from the date of delivery of the Software Product to You.
- 9.3 Within such warranty period Schneider Electric warrants that: (i) the Software Product will perform substantially in accordance with its specifications as described in the Documentation, and (ii) the medium on which the Software Product is provided to You (if provided under a tangible form) and the License Key (if any) will be free from defects in materials and workmanship.

Schneider Electric's sole obligation and Your sole remedy with respect to the foregoing limited warranty shall be, at Schneider Electric's option to fix the defect or non-compliance or to replace the defective Software Product, the medium or the License Key without charge to You, provided that (i) You give notice of the defect to Schneider Electric within the above mentioned warranty period, and (ii) the defect does not fall under the exclusions set under Section 9.4 below.

- 9.4 Schneider Electric's warranty shall be excluded to the extent the Software Product, its medium or License Key has been altered or fails to perform in any way, as the result of Your negligent or unauthorized use such as for instance but not limited to the use of the Software Product with third party products (hardware, software, firmware or operating system) which are not intended by Schneider Electric for use with the Software Product, or the utilization of an improper hardware or software key (if applicable) with the Software Product, or the unauthorized maintenance of the Software Product.

Laws of some countries (either on federal or state level) do not allow limitations on duration of an express or implied warranty, so the above or any other limitation provided herein may not apply to You. In such event, such warranties are limited to the minimum warranty period legally allowed in said countries.

- 9.5 Schneider Electric's warranty shall also be excluded in case of defect or malfunction of the Software Product, to the extent such defect or malfunction could have been prevented by implementing the Software Product update or upgrade made available by Schneider Electric pursuant to Section 5.4, which You were entitled and encouraged to do.
- 9.6 TO THE FULL EXTENT PERMITTED BY APPLICABLE LAW (ON BOTH FEDERAL AND STATE LEVEL, WHEN APPLICABLE), SCHNEIDER ELECTRIC MAKES NO OTHER WARRANTY THAN THOSE CONTAINED IN THIS SECTION 9 AND EXPRESSLY DISCLAIMS ALL OTHER

WARRANTIES OR REPRESENTATIONS, EITHER EXPRESS OR IMPLIED, AS TO THE SOFTWARE PRODUCT, ITS UPDATES AND ITS DOCUMENTATION, INCLUDING WITHOUT LIMITATION ANY WARRANTIES OF FITNESS FOR ANY PARTICULAR PURPOSE, MERCHANTABILITY, SATISFACTORY QUALITY, NON-INFRINGEMENT, TITLE OR SAMPLE. FURTHER, WHILE SCHNEIDER ELECTRIC HAS TAKEN REASONABLE STEPS TO ENSURE THE ACCURACY OF THE INFORMATION CONTAINED IN OR SHOWN BY THE SOFTWARE PRODUCT AND ITS DOCUMENTATION, SCHNEIDER ELECTRIC MAKES NO WARRANTY OR REPRESENTATION OF ANY KIND, WHETHER EXPRESS OR IMPLIED, AS TO WHETHER THE SOFTWARE PRODUCT OR ANY INFORMATION CONTAINED IN OR SHOWN BY THE SOFTWARE PRODUCT AND ITS DOCUMENTATION WILL MEET YOUR REQUIREMENTS, EXPECTATIONS OR PURPOSES OR THE OPERATION OF THE SOFTWARE PRODUCT WILL BE UNINTERRUPTED OR ERROR-FREE OR THAT THE SOFTWARE PRODUCT WILL BE PROTECTED AGAINST ALL POSSIBLE SECURITY THREATS, INTERNET THREATS OR OTHER THREATS OR INTERRUPTIONS.

- 9.7 No oral or written information, statement, opinion or advice allegedly given by Schneider Electric, its authorized resellers, agents or employees, or anyone else on its behalf, shall create any liability or in any way extend or vary the scope of the warranties expressed in this EULA.

## 10. LIABILITIES

- 10.1 You expressly acknowledge and accept that Your use of the Software Product and the performance, fitness and/or accuracy of the Software Product for any application, environment or purpose within or for which You shall use the Software Product, is and shall remain Your sole and full responsibility, unless Schneider Electric has expressly agreed upon such application, environment or purpose and has provided You express warranties as to the use, performance, fitness and/or accuracy of the Software Product when used within such agreed environment and for such agreed application or purpose. To the maximum extent permitted by applicable law, the Software Product is provided “as is”, with all faults and without warranty of any kind not contained in Section 9.
- 10.2 NOTWITHSTANDING ANYTHING TO THE CONTRARY IN THIS EULA OR IN THE ORDER CONFIRMATION, IN NO EVENT SHALL SCHNEIDER ELECTRIC NOR ANYONE ELSE WHO HAS BEEN INVOLVED IN THE CREATION, PRODUCTION OR DELIVERY OF THE SOFTWARE PRODUCT, INCLUDING BUT NOT LIMITED TO SCHNEIDER ELECTRIC'S LICENSORS, BE LIABLE FOR ANY INDIRECT, INTANGIBLE, INCIDENTAL, PUNITIVE, SPECIAL OR CONSEQUENTIAL DAMAGES, LOSS, EXPENSE OR CAUSE OF ACTION, WHETHER BASED ON CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE), STRICT LIABILITY, STATUTE OR OTHERWISE, INCLUDING, WITHOUT LIMITATION, DAMAGES FOR LOSS OF BUSINESS, LOSS OF PROFITS, LOSS OF USE, BUSINESS INTERRUPTION, BUSINESS GOODWILL, LOSS OF DATA OR FOR ANY OTHER PECUNIARY OR NON-PECUNIARY LOSS OR DAMAGE, ARISING OUT OF OR IN CONNECTION WITH THIS EULA, OR THE USE, INABILITY TO USE OR MISUSE OF THE SOFTWARE PRODUCT, EVEN IF SCHNEIDER ELECTRIC HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.
- 10.3 NOTWITHSTANDING ANYTHING TO THE CONTRARY IN THIS EULA OR IN THE ORDER CONFIRMATION, SCHNEIDER ELECTRIC'S AGGREGATE LIABILITY FOR DAMAGES AND EXPENSES ARISING OUT OF OR IN CONNECTION WITH THIS EULA OR THE USE, INABILITY TO USE OR MISUSE OF THE SOFTWARE PRODUCT, WHETHER BASED ON CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE), STRICT LIABILITY, STATUTE OR OTHERWISE SHALL IN NO CASE EXCEED THE TOTAL AMOUNT PAID BY YOU TO LICENSE THE SOFTWARE PRODUCT WHICH CAUSED THE DAMAGES OR EXPENSES.
- 10.4 You shall indemnify and hold Schneider Electric harmless from any and all claims, damages, demands or proceedings (including attorney's fees) brought against Schneider Electric, including those brought by any third party arising out of or in connection with the use, inability to use or misuse of the Software Product by You, and whether based in contract, warranty, tort (including negligence), strict liability, statute or otherwise, unless and to the extent any such claim resulted from Schneider Electric's non-fulfillment of the warranty set out in Section 9.1.
- 10.5 The license granted under this EULA does not cover any modification, update, translation or adaptation, whether authorized or not, that might have been made to the Software Product by

any person other than Schneider Electric where the Software Product is supplied along with a third party product. Such modifications shall be governed by the terms of license issued by such third party. Schneider Electric shall in no case be liable, whether in contract, warranty, tort (including negligence), strict liability, statute or otherwise, for damages or consequences arising out of or in connection with said modification, update, translation or adaptation and makes no representation or warranty in connection therewith.

- 10.6 Notwithstanding any other term of this EULA, Schneider Electric's liability arising out of this EULA is reduced proportionally to the extent to which the act or omission of You or any other third person contributed to the loss or damage incurred.
- 10.7 In case the Software Product is intended as per its Documentation to be used for the purpose of collecting, storing and/or processing data such as but not limited to personal individual information, it is Your sole and full responsibility when making such use of the Software that You comply with any applicable data protection laws and regulations. In no event shall Schneider Electric be held liable for Your use of the data collected, stored or processed by the Software or Your non-compliance with any applicable data protection laws and regulations and You shall indemnify and hold Schneider Electric harmless from any and all claims, damages, demands or proceedings (including attorney's fees) brought against Schneider Electric, including those brought by any third party, arising out of or in connection with any breach by You of any such laws or regulations.
- 10.8 The limitations or exclusions of warranties and liability contained in this EULA shall apply only to the extent permitted by the law applicable to this EULA and, in particular, do not affect or prejudice the statutory rights which, as the case may be, will benefit You under any mandatory or public order laws or regulation applicable in any such country (on either federal or state level, when applicable).
- 10.9 In case the Software Product was furnished to You by any authorized reseller or other sales representative or another third party supplying the Software Product with or without a third party product, Schneider Electric shall in no event be a party to any purchase order or other agreement between You and such third party and shall not assume or otherwise bear any liability thereunder, with the consequence that any and all claims You may have in relation to the Software Products shall be directed at such third party and shall be subject to the liability sections in any purchase order or other agreement between You and such third party. Schneider Electric shall assume no liability whatsoever under such sections or be bound by their wording.
- 10.10 Subject to the limitations of liability set forth in Sections 10.2 and 10.3 of this EULA, Schneider Electric will defend and indemnify You against a third party claim that the Software Products infringe any copyright enforceable in the jurisdiction where Schneider Electric has its registered office or principal place of business, or misappropriates any trade secret protected under the laws of such jurisdiction (the "Included Jurisdiction"), provided that: (i) You notify Schneider Electric in writing within thirty (30) days of the claim; (ii) Schneider Electric has sole control of the defense and all related settlement negotiations; and (iii) You provide Schneider Electric with the assistance, information and authority necessary in order for Schneider Electric to perform its obligations under this Section.

Schneider Electric will have no obligation to You under this Section relating to claims which arise outside of the Included Jurisdiction, nor for any claims not expressly set out in Section 10.10 above.

If the Software Products are held, or are believed by Schneider Electric, to infringe, then Schneider Electric will have the option, at its expense, to: (i) modify the Software Products to be noninfringing; or (ii) obtain for You a license to continue using the Software Products. If, in Schneider Electric's sole discretion, it is not economically or commercially reasonable to perform either of the above options then Schneider Electric may terminate the license for the infringing Software Products and refund to You the license fee You paid to Schneider Electric for the infringing Software Products.

The foregoing Schneider Electric obligations do not apply when the claim of infringement results from or is related to: (i) Software Products provided pursuant to Your designs, drawings or specifications; (ii) Software Products stored, used or maintained other than in accordance with

- 17.5 Words expressed in the singular include the plural and vice versa.
- 17.6 Section 7, 8, 9, 10, 11, 12 and 14 of this EULA shall survive termination of this EULA or expiration of the license right granted to You under this EULA in accordance with Section 16.1. **APPENDIX 2 TO END-USER LICENSE AGREEMENT  
SPECIFIC TYPES OF LICENSE**

Specific other use rights may be granted to You depending upon the type of license You have acquired.

**Educational license.** If You wish to acquire the Software Product for educational purpose only, please contact Schneider Electric's organization or its authorized reseller serving Your country. In case the Software Product is identified as academic or educational software, You must be a qualified educational user to be entitled to use said Software Product; if You are not a qualified educational user, You have no rights under this EULA with respect to said academic or educational software. To determine whether You are a qualified educational user, please contact Schneider Electric's organization or its authorized reseller serving Your country. Once licensed to use said academic or educational Software Product, You may not sell or transfer any such Software Product or sub-license Your license right to use the same to anyone except to another person who is qualified by Schneider Electric as a qualified educational user.

As used in this Section of EULA, the term '**person**' shall be broadly interpreted to include without limitation any individual, any corporation, company or other legal entity.

**License for Field-Test.** If You have acquired a license for field-test purposes, You acknowledge and agree that the Software Product licensed to You under a field-test license is a pre-release software only. As such, said Software Product may not be fully functional and You assume the entire risk as to the results and performance of the Software Product. You may install and use the Software Product licensed to You under a field-test license on computers in Your workplace only for the purpose of testing said Software Product before it is commercialized by Schneider Electric and potentially identifying any errors, bugs or defects in said Software Product. You also agree to use reasonable efforts to provide feedback to Schneider Electric regarding Your use of the Software Product, including a prompt report to Schneider Electric of errors, bugs or defects that You might find. Therefore, notwithstanding anything in this EULA to the contrary, You may not distribute or transfer any applications You create with the Software Product licensed to You under a field-test license. Schneider Electric will not update the Software Product licensed to You under a field-test license, nor provide support in relation thereto. The Software Product licensed to You under a field-test license may contain code that will, after a certain time period, deactivate the Software Product and render it unusable. Although said Software Product will attempt to warn You of the time frame in which it will be disabled, You acknowledge and agree that said Software Product may be deactivated or rendered unusable with or without warning. Upon such deactivation, this EULA will be considered terminated. Prior to deactivation of the Software Product, You may contact Schneider Electric to convert Your field-test license on the Software Product to a standard license governed by this EULA on the final release of said Software Product if and when available from Schneider Electric by paying to Schneider Electric the applicable license fee (if any) and obtaining from Schneider Electric the relevant activation code(s).

**Corporate license.**

You may not acquire a Corporate License unless You are a company or a corporation.

If You acquire a Corporate License from Schneider Electric, the media on which the Software Product is provided to You shall be configured so that it can only be used to operate the Software Product under a Corporate License; said media shall expressly mention the name of Your company, corporation or Group of Companies as being the licensee of a Corporate License on said Software Product.

The media containing the Software Product shall be provided to You separately from the license file necessary to activate said Software Product; said license file shall be configured so that it can only activate said Software Product under a Corporate License.

If and when acquiring a Corporate License, You acquire a concurrent use license under the following limits:

- You may install the Software Product for use by Authorized Users from and to the Sites only; - Any use of a Software Product licensed to You under a Corporate License is strictly prohibited by any person who or which is not an Authorized User, and from or to a location which does not qualify as a Site as defined hereunder.

If and when acquiring a Corporate License, it is agreed as an express deviation to Section 2.2 (i) of this EULA, that:

- You acquire the right to copy or reproduce the Software Product including the right to duplicate the media on which the Software Product is provided to You and the related license file; and
- You acquire the right to permit the use of the Software Product by any company or corporation which is part of Your Group of Companies (as defined hereunder),

in both cases, for the sole and restricted purpose of exercising the concurrent use license right granted to You under said Corporate License within the limits set forth hereinabove.

This Appendix forms an integral part of this EULA, and all terms and conditions of this EULA which are not expressly deviated under this Appendix, shall apply to You in accordance with the foregoing in addition to the terms and conditions set forth in this Appendix.
